Dear Friend,

This week, House Republicans continued our mission to finding commonsense solutions to the problems our nation is facing. I appreciate your reading this weekly update and continue to encourage you to forward to your family and friends.

### **Debt Crisis**

President Biden spent the last six months saying he would not negotiate raising the debt ceiling with Speaker McCarthy and House Republicans. Now, he finds himself exactly where he said he would not be—negotiating the debt ceiling with Speaker McCarthy—but the President still refuses to offer a sensible solution to our nation's debt crisis.

Meanwhile, House Republicans remain the only ones who have passed legislation that would responsibly raise the debt ceiling and address our nation's debt crisis by limiting Washington's irresponsible spending, saving taxpayer dollars, and growing the American economy.

### **HALT Fentanyl Act**

House Republicans are voting this week to protect Americans from the deadly fentanyl pouring through our open borders with the HALT Fentanyl Act. H.R. 467 would make the class-wide scheduling order for fentanyl-related substances permanent, supply law enforcement with the tools needed to keep these dangerous drugs off our streets, and support research efforts to understand the effects of fentanyl-related substances on people's health.

### **Protecting Against Biden's Student Loan Overreach**

This week, House Republicans are standing up to President Biden’s student loan overreach by voting on H.J. Res. 45, a Congressional Review Act resolution that would block the Department of Education’s extreme forgiveness rule.

**Constituents in D.C.**

We’re always excited to welcome Mississippians who are visiting our nation’s capital. Please let us know how we can help.

### **Constituent Services Days**

My staff is continuing to make visits to counties throughout the Third Congressional District to ensure we are meeting your needs through serving as your advocate to federal agencies. Please check social media or call for updates on future visits.

### Memorial Day

The United States of America remains the strongest, brightest beacon of freedom in the world because of the ultimate sacrifice paid by our men and women and uniform. Join me today, Memorial Day, and every day, in honoring them.
